Note: Public programs as currently known are listed. Some of the times are uncertain, and programs may change. Watch both our web site, OVTA.ORG, and our Facebook Page, Overmountain-Victory-Trail-Association, for updates. We will be creating "events" on our Facebook page with additional details. Later information will give addresses and times for each public program. School programs are NOT included on this schedule since they are not open to the general public. A full schedule showing school programs will be posted in our "Members Only" section. We welcome everyone, members and visitors alike, to come out and join us. We need more Marchers, so if you would like to join us for a day, a weekend, or longer, just let us know. Come on our and see what we do. Civilian clothing is fine until you too become a re-enactor. And, no, you do not have to do a lot of walking unless you want to.
