Invest in Our Story

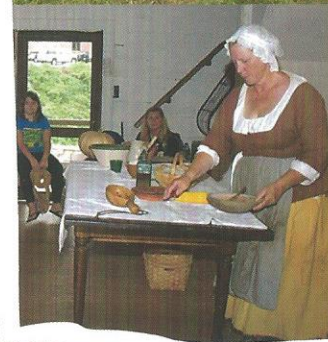

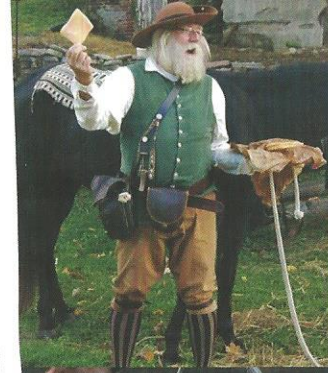

Join the OVTA today and become a participant in the legacy of the Overmountain Men. Help ensure there will always be a portion of the trail where we can continue to tell the story of the American spirit.

Joining the OVTA is an important way to help tell the story of the Battle of Kings Mountain to thousands of school children and to the general public. Your membership and support goes a long way in helping to preserve and protect the National Trail for future generations.
